After an extremely busy first season post-launch of our 83m motor yacht, I would just like to extend my thanks to the entire ALL SERVICES team for their assistance this summer. We were fortunate enough to spend several weeks cruising the Italian coast, from Portofino, down to the Italian Riviera, Capri and on to Sicily, Sardinia, as far as Malta and Gozo. At all ports we were greeted with a warm welcome by the respective All Services representative and on each occasion the service we received was efficient, recommendations were impeccable and response was quick.

I would not hesitate to call upon them again and look forward to our next visit.

In the meantime I wish Alex and his team the best for the near future and highly recommend their services to other Captains and crew entering Italian waters.

Regards,

Andrew Lawrence
