Subject: Letter of Appreciation

Dear Alex

This letter is to Thank You for your service to my vessels since 2008.

Since 2008 I have been using All Services for all my logistical needs in the Mediterranean, and have been more than pleased with every aspect of the service. Sara is the best dockage agent imaginable, the fuel pricing and arrangements have been flawless, and the accounts dept handles all my needs perfectly. Also, the network you have established with the best vetted local agents in every port ensures seamless service as we move around the region. I cannot thank you enough, and look forward to many more years together!
